03 | HOW THE SERVICE WORKS

01 Plan	GENNETZ researches the account, audience, competition, trends and business requirements.
02 Create	Content ideas and formats are planned according to the selected plan.
03 Produce	Content is shot by GENNETZ where included, or supplied by the client where applicable.
04 Edit	GENNETZ edits the agreed content and prepares captions, covers and other required elements.
05 Review	Client feedback is collected according to the agreed approval process.
06 Publish	Approved content is published according to the planned schedule.
07 Analyse	GENNETZ reviews performance and identifies what is working and what needs improvement.
08 Improve	Future content and strategy are adjusted using the learnings.

CONTENT FREQUENCY

ELITE: 10 Reels/month (normally 2–3/week), 4–6 Posts/month (normally 1–2/week), 10–12 Stories/month (normally 2–3/week).

GROWTH: 10 Reels/month (normally 2–3/week), 4–6 Posts/month (normally 1–2/week), 10–12 Stories/month (normally 2–3/week).

FLEX: 3–4 Reels/month (normally around 1/week), 1–2 Posts/month, 3–4 Stories/week.

CREATOR: Individual services are provided as selected by the client.

Weekly distribution is approximate. GENNETZ may change posting days based on strategy, audience activity, trends, performance, festivals, peak seasons and business requirements.

04 | TERMS & CONDITIONS

These terms keep the scope clear for both GENNETZ and the client. The selected plan controls the included services and quantities.

1. Content Quantity & Frequency

Each plan includes the content quantity stated in this document. Weekly figures are approximate distribution, not a promise that content will be posted on the same days every week.

2. Monthly Content

Unused monthly content does not automatically carry forward to the next month unless GENNETZ agrees otherwise in writing.

3. Additional Content

Content above the included plan quantity is additional work and may be charged separately. The client will be informed of the charge before production.

4. Shooting Visits

ELITE includes planned production visits for included content. GROWTH includes 1–2 planned visits per month. FLEX includes 1–2 planned visits every 2 months. CREATOR shooting is separate.

5. Notice for Visits

GENNETZ will normally provide 2–5 days' advance notice for planned shooting visits. Timing is coordinated based on client and team availability.

6. Additional / Emergency Visits

Extra visits, emergency shooting, additional shooting hours or production outside the included scope may be charged separately. GENNETZ will confirm the additional charge before proceeding.

7. Travel

Travel outside the agreed service area may carry an additional travel charge. The client will be informed before the visit.

8. Client Footage

For GROWTH and FLEX, the client is expected to provide suitable HD footage when required through WhatsApp or Google Drive. Delays or unsuitable footage may affect the content schedule.

9. Production During Visits

During an included visit, GENNETZ handles the agreed production work for that visit, including shooting, direction, content collection and other agreed production tasks. The monthly content quantity remains limited to the selected plan.

10. Revisions

Reasonable small or partial changes are supported. Major/full changes, a completely new concept, full reshoot or substantial new production may carry an additional charge. The charge is confirmed before extra work begins.

11. Seasonal & Important Content

GENNETZ may adjust the content schedule during festivals, peak seasons, launches, special business days or important updates. Additional content beyond the plan requires separate approval.

12. Approval & Publishing

Standard workflow: GENNETZ creates → Client reviews → Feedback → Changes → Client approval → Publishing. With prior publishing authority, GENNETZ may publish according to agreed guidelines.

13. Comments & DMs

GENNETZ can manage relevant comments and provide basic DM assistance for general enquiries. Payments, refunds, personal information, legal matters and serious/private complaints may be transferred to the client.

14. Reports

ELITE and GROWTH receive weekly updates and a monthly report. FLEX receives a monthly report. CREATOR receives project-based updates.

15. Client Feedback

Client feedback is welcomed through agreed communication channels and, where applicable, during GENNETZ shooting visits. Feedback is used to improve future content and strategy.

16. Meta Verified

Meta Verified support is included in ELITE, GROWTH and FLEX. Meta controls eligibility, approval, verification, availability and pricing. If Meta increases its subscription price, the additional amount caused by the increase is charged separately to the client.

17. Paid Advertising

Paid advertising is not included in any plan. GENNETZ ad-management fees are separate and the advertising budget is paid separately by the client. No campaign is started without client approval.

18. Client Responsibility

The client must provide accurate business information, brand assets, footage, approvals, access and important dates on time. Client delays can affect the content schedule.

19. Third-Party Services

Any third-party subscription, platform fee, external service, travel cost or other expense not specifically included in the selected plan may be charged separately.

20. Out-of-Scope Work

Any service not listed in the selected plan is treated as an additional service and will be quoted or confirmed before work begins.

21. Plan Changes

Upgrades, downgrades or other plan changes take effect only after the new scope and pricing are confirmed.

22. No Guaranteed Results

GENNETZ does not guarantee a specific number of followers, reach, views, viral content, leads, customers, sales or revenue. GENNETZ commits to professional execution and continuous improvement within the agreed scope.

GENNETZ GROWTH PRINCIPLE

We don't promise a number. We build the process behind growth.

Research → Strategy → Content → Shooting → Editing → Publishing → Community → Analytics → Improvement

05 | CLIENT CHECKLIST
